How to pay by Credit Card with PayPal

**** No PayPal Account Required ****

Hi Guys,

We are currently upgrading the security of our website. Unfortunately, this means we are unable to take Credit Cards through our normal Credit Card portal. But all is not lost. PayPal is capable of taking Credit Card payments even if you don't have an account. Simply follow the steps below and "hey presto" your payment will be done.

Thanks for your understanding and cooperation.

Step 1: If you want to pay by Credit Card Select PayPal and Confirm Order.

Shopping Information Details

- 1. Billing Information Edit
- 2. Shipping Information Edit
- 3. Order Review Edit
- 4. Payment Information

- Bank Transfer
- PayPal
- Credit Card
- Account Customer

You have chosen to pay using PayPal this will incur a 2% surcharge.
 Your order for \$1964.00 with the 2% surcharge will bring the total to: \$2003.28
 Please click on the CONFIRM ORDER button to finalise your order.

Step 2: You will then be redirected to PayPal's Secure Payment Portal. Make sure it says "Standard Computers Australia" at the top. The amount is correct. Then select Pay with a Card or Pay With Credit or Debit Card. You DO NOT have to log in or have an account.

[Cancel and return to Standard Computers Australia](#)

Step 3: You will now be logged into the PayPal Guest Checkout facility. Simply fill out the required details (See next page) and select Pay Now and you're done. You will then be redirected back to our website.

Now sit back and wait for that knock on the door.
